

# SCUOLA SUPERIORE PER INTERPRETI E TRADUTTORI

ENTE MORALE

DIPLOMI RICONOSCIUTI CON LEGGE 2 APRILE 1968 N. 458

Milano, 18 luglio 1983

## TO WHOM IT MAY CONCERN

I teach English Language and Literature at the S.S.I.T. which, together with its other branches in other major Italian cities, is the only school in Italy offering a four-years course for Translators and Consecutive/Simultaneous Interpreters plus a year's specialization for EEC Interpreters.

During my last two years at the School I have had occasion to meet the disciples, and through them the doctrine, of Bhagwan Shree Rayneesh.

The spiritual stature of the man is undoubtedly such that he would be an asset and a gain for any society harbouring him.

His teachings which aim at developing all of man's hidden potential, in full respect of each and all individual being, can only contribute to making any human society more humane, balanced and self-reliant, a goal well within the spirit of the American tradition and Constitution.

I hope you won't have any difficulty in granting him a visa for a long stay, and I congratulate you in advance for it.

Yours truly

Maria Chiara Zanolli
