TO WHOM IT MAY CONCERN

I had the opportunity to hear Bhagwan Rajneesh through his tapes - discourses on various spiritual subjects. This was my first experience in life that I found lot of spirituality in his sayings. While his discourses were on, there was pin drop sllince, even througgh there were children and ladies in the gathering.

I have heard quite many other India^m small Gurus but always felt disappointed. It was Bhagwan Rajneesh who really impressed me on hearing him just through his tapes.

I consider it my bad luck that I cannot have his 'Darshan' as he has shifted his headquarters to USA. If I ever had enough resources, I shall surely visit USA to have his 'Darshan'.

I have no hesitation to say that he has been the greatest spiritual Guru who could make people far better citigens. I can with confidence say that whoever listens to his discourses/tapes even only once, he would place him as one of the leading lights/spiritual lights of India.
