Bhagwan Shree Rajneesh.

I am a General Practitioner of medicine with experience in
Psychaitry & Psychotherapy.

I am a Founder Member of the Institute of Transactional
Analysis of the U.K. and Clinical Member of the International
Transactional Analysis Association.

I am one time Consultant in Psychaitry to H.M.Prison
Wakefield & have had consultancys to Sheffield Marriage Guidance
Council, Northern Ireland Polytechnic, German Association for
Humanistic Psychology and various organisations in the U.K. &
Northern Irealnd.

I am the author of a number of articles & Publications
on the use of Alternative methods of Psychotherapy.

I have had occassion to use the methods & techniques of Bhagwan
during my Prison consultancy & in personal Group Therapy.

I am of the opinion that they have been of great benefit, especially
to those of a violent or disturbed character.

I have attended Bhagwan courses, read some of his books, used his
tape material for Meditations & discussed his works with my
Peers.

I am of the opinion that he has made a substantial impact on the

treatment of emotional disturbance and can offer great benefit
to those seeking to improve family, working & personal life.

Bhagwan is very well known in Europe and I am certain he will
have a considerable amount to offer to the people and culture of
whatever country he chooses to reside.
