To Whom It May Concern:

I am a professional actress/writer/singer living in Los Angeles. I have been making a very fine living at my craft for over 12 years, am a member of SAG, AFTRA and Equity. I have starred on Broadway, at the Los Angeles and San Francisco Music Centers, among other regional theaters, plus starred in my own television series and guest-starred on many major television shows and co-starred in two feature films. I am a member of The Actors Institute and go to Jane Fonda's Workout regularly.

To my experience, Bhagwan Shree Rajneesh is one of the great spiritual leaders of all time. I have been reading his work since 1978 and it has profoundly changed my life in all respects; personally, professionally, spiritually, emotionally. Bhagwan Shree Rajneesh has made an unprecedented contribution to the artistic and scientific community and I consider it our good fortune to have him residing in the United States.

Sincerely,

Udana Power
