TO WHOM IT MAY CONCERN:

I am an artist and a gardener in Los Angeles. I have heard that there is a problem with Rajneesh being in our country, and I am writing in support of his being allowed to stay here. I am not a participant in his movement, but having met some of his followers I feel it would be a tremendous loss to lose his presence, especially in these times of violence and lack of love. I feel he is making a contribution towards world peace through compassion.

Thank you very much.

Yours truly,
