To whom it may concern:

I hereby certify that BHAGWAN SHREE RAJNEESH is internationally known like a deepthinker about the human being and his destiny, with a whole and comprehensive perception of his culture, religion, science, arts, creativity and spirituality.

I had studied Philosophy, Psicology, Fine Arts, Aesthetys and tecnology in the University of Chile and the Tecnical University of Chile, and presently I develop courses on psicology, psicotherapy and Post Graduated seminars.

I had my first contact with the outstanding thinking of Bhagwan Shree Rajneesh on 1976 when I read "The hidden harmony", a book dealing about Heraclitus and the pre-socratycs, since then I have read his books, heard his tapes, seen videotapes and visited Rajneeshpuram where I have had highly inspiring experiences of meditation and lectures about his own words.

I consider that BHAGWAN SHREE RAJNEESH has made a contribution of tremendous importance and signification to the contemporary world of arts and thinking by all the comunication means he uses including the creativity he had inspired in his disciples and followers in terms of comprehension and acceptance of the profound roots of the human existence and the life itself.

I, Eleodoro Ortíz de Zárate Jaraquemada, swear that the above information given by me is true, complete, and correct to the best of my knowledge and belief, and is offered voluntarily and in good faith.

Eleodoro Ortíz de Zárate Jaraquemada.
