TO WHOM IT MAY CONCERN:

I understand that Bhagwan Shree Rajneesh is now in permanent silence. This does not affect me. I still follow His way of Life through listening to tapes on which he talks or reading His books. I have studied many religions. He has spoken on them all - you name it he has interpreted them for the man of the 20th Century. I see a need for his place in Society but feel no lack in his silence.
