To Whom It May Concern:

I have been asked by an old and trusted friend, Wendy Wyatt, a follower of Bhagwan Rajneesh, to write a letter to accompany his application for immigration to the U. S.

I do not know, nor have I ever met, Bhagwan Rajneesh but I understand that our laws admit unusual or exceptional persons to the U. S. Based on what I have read I would say he is qualified on both counts.

I also respect Wendy Wyatt's judgement.

I was born in the U. S.

and have lived here ever  
since 1905. I founded The  
Executive Committee, a  
group of corporate executives  
in Newcomin.
