

ANAND SAGAR
c/o Ma Prem Latifa

Trondheim 19/7- 1983

My name is Sw.Anand Yogi(Erik Möller). I'm 29 years old and working as a teacher in the city of Trondheim, Norway.

After finishing high school here I went to study microbiology at The University of Tennessee, USA, and received my Bachelor Degree in 1976.

On returning from my studies I started teaching in a junior high school here in Trondheim, and working a lot with problem youth on my spare time.

I first heard of the Indian Master Bhagwan Shree Rajneesh from my brother studying in Germany. In 1978 he sent me a taped discourse which made a very deep impression in my heart. I felt I had to know more of this man. Through the next 2-3 years I explored and experienced Bhagwan by attending numerous meditation- and therapy groups, and in 1981 I became his disciple.

I accept Bhagwan as a true spiritual leader. To me he is no less than a modern Jesus, Mohammed, Buddha- he is making religion alive, joyful, celebrating. He not only speaks about peace and love- he is peace and love.

With love, *Swami Anand Yogi*
