To whom it may concern:

I have been asked to write my opinion about Bhagwan Shree Rajneesh.

My first contact with the multidimensional teachings of this incredible man was in 1978 when I was still studying at the High School of Arts in Berlin. Now I am a graduated concert guitarist and work as a performing musician and teacher. Since I met Bhagwan Shree Rajneesh my understanding and attitude towards arts and education have completely changed, He gave my work a totally different dimension. It is the dimension of love and meditation that has changed my life.

For me he is a man with exceptional abilities because his teachings cover every aspect of life.

Sincerely,
