TO WHOM IT MAY CONCERN

Sir,

as a fairly well known German clinician, member of numerous scientific societies, German editor of one of the most successful US medical books, chief-editor of an international journal etc. -

I'm convinced that BHAGWAN SHREE RAINEESH is today's foremost outstanding religious teacher, silent or lecturing.

It ought to be to the benefit of mankind and the American Nation that he is allowed to stay peacefully in the United States.

Sincerely Yours

  
Prof. K. Huhnstock, M.D.  
Member of the University of Heidelberg, Germany
