Rajneeshpuram, Ore.  
97741

To Whom it May Concern,

I am writing to you as a resident of Rajneeshpuram. I am fourteen years old and I am in my 9<sup>th</sup> year of school. As well as school I work with computers and have learned to program.

My family and I came to know Bhagwan through his books, and some of his tapes on discourses. I have lived at Rajneeshpuram for about four months. These four months in the presence of Bhagwan have been the most incredible period of my life. Living here with Bhagwan creates this energy which is so wonderful. In other cities there are crimes of all sort but here with Bhagwan

nothing of that sort happens.

In the past few weeks here at Rajneeshpuram we have had our second Annual World Celebration. During the festival I realized how Bhagwan had the ability to see things clearly that others could not even attempt to understand. He has the ability to understand things such as man and his problems. He has talked about many subjects such as life, love, man, and many others which take exceptional abilities to explain. Bhagwan Shree Rajneesh is truly an exceptional individual.

His Blessings,  
Sw. Prem Agar  
Javier Rice-Frijillo
