To whom it may concern,

To be able to describe my life with Bhagwan Shree Rajneesh, I would like to mention the most extraordinary experience of my life. It has taken on such a special quality because of his presence in Rajneeshpuram.

At the age of 14 years I was afflicted with an illness that caused all of my hair to fall out. Of course I visited many doctors but the outcome of their diagnosis concerning the regrowth of my hair, was always very discouraging and a treatment through medical science seemed impossible. I was forced to wear a wig and to live in a state of no hope ever to look normal again.

When I was 20 years old, in 1975 I met Bhagwan Shree Rajneesh. A deep inner feeling of trust and love for him gave me the courage to speak to him about my disailment. For the first time I received an answer.

Bhagwan is able to see past the physical and emotional level and what he told me was that only love towards myself, a deep acceptance of my being would let my hair grow back again. For many years now I have been practising his meditations and as I look back I can see that I have grown so much within myself and on the outside it is clearly visible. My hair has now grown back totally! Bhagwan has given me everything I could possibly want and need on earth by showing me the way inside of myself. I have become so happy through his guidance. Nothing in my life has been so significant than being one of his disciples.

That which has been accomplished  
within myself and that which has  
been accomplished in the city of  
Rajneeshpuram, has only been  
possible through his love and  
<sup>inspiration</sup>~~guidance~~. His presence is truly  
healing for body and soul.

Sincerely  
Ma Anand Vasudha
