To whom It may concern

As a sannyassin of two and a half months standing I am writing in support of Bhagwan Shree Rajnesh' visa application to stay in The United States.

I first came into contact with Bhagwan, after he had entered his silent phase, last year. I have experienced a tremendous spiritual awakening, none the less for his silence.

I am going to experience the concentration of energy surrounding Him in September this year. There has been no need to hear Bhagwan - with Him it is a silent communion. for which I shall be eternally grateful

Yours faithfully

Diane Marshall
