To whom it may concern,  
I became a sannyasin  
on 5th July 1982. This was four years after  
my initial contact with Bhagwan (through read-  
-ing one of his books) and after he had assumed  
public silence.

Bhagwan's silence is significant for me  
I feel his silence is a communication in a  
deeper and more total way. His volumes of  
written and spoken material are still available  
for all and now I feel his silence is an  
invitation to come close to him and experience  
the "being" of an enlightened man. An invit-  
-ation of purity, without the complications of words

Yours Sincerely  
Swami Premendra
