

To whom it may concern,

As a sannyasin of almost three years, and at 32 yrs old, I am enjoying the most beautiful and enriching time of my life: in the presence of Bhagwan Shree Rajneesh.

I have had four years of college at the University of Washington and Evergreen State College in the Liberal Arts division with a specialization in Agriculture.

Prior to meeting Bhagwan, I spent seven years arriving at my dream of a fulfilling life: A farm in the San Juan Islands of Washington, wife and child, a solar house of my own design and construction, and a \$50,000 a year business I created in Solar design and glass sales. While creating this, I've also been a commercial fisherman, farmer, sailing instructor, and resort chef. My life was rich and enjoyable. Now, with Bhagwan, I am finding new levels of fulfillment.

At the present I serve baked goods and lunches at Zorba the Buddha Rajneesh Bakery and Cafe in an atmosphere which I can only attribute to what Bhagwan is helping us create here. People come in just to sit and enjoy the feeling they get here. I am also a cocktail waiter at Zorba the Buddha Rajneesh Restaurant and Nightclub and I see the same thing there,

people dancing and really experiencing joy, the aliveness,
the love that is there coming thru us and thru the compassion
which Bhagwan is sharing with us. I am deeply grateful
for the opportunity now to sit with Him in silence,
experiencing with my whole being - not just my mind - my
own inner spiritual awakening. Bhagwan is my Master,
the person in whose presence I experience more and more
of my inner self. To be with Him is, for me, truly
a Blessing.
