

To Whom It May Concern:

My work experience includes: Salary Administrator/Personnel Assistant for a large insurance company, director of a recreation program for mentally retarded adults, freelance commercial artist.

The philosophies and spiritual leadership of Bhagwan Shree Rajneesh has had a profound and beautiful effect on both the personal and business aspects of my life.

On a personal level, I've found a soft, calm loving space present in all relationships with family and friends.

I've noticed that my business dealings have a sense of compassion, understanding and calmness unique to the business world.

Bhagwan Shree Rajneesh has added a quality of love and beauty in my life that goes beyond words. This is the very essence of Bhagwan's silent,

heart-to-heart communication with
each of the people around Him, including
myself.

Sincerely,

(Mrs.) Nancy C. Merritt
