Dear Sir or Madam,

I am a 42 year old Australia Sannyasin who has taken Sannyas since Bhagwan has been in silence. He is my Master particularly my Zen Master and as such does not have to verbalise with me for us to communicate. The vast amount of books + tapes, + videos that are available could take me a lifetime to get through.. Bhagwan now communicates on a heart to heart basis with those who chose to listen + feel..... This is part of the Zen tradition as should be understood as such. It is not necessary for him to now speak as he has already said much. If Bhagwan wishes to stay in the U.S.A. I for one would appreciate you granting him his wish as I see him as a guiding light and a contributor to the salvation of this planet, and the human race. I understand his medium of communication + are very connected to him every day. America you have opened your doors to many people, please accept his presence + welcome him into your midst.

Much Love
Prabodh George.
