To whom it may concern!

My name is Kartana and I am 26 years old. I am a designer.

Since one year I live in Pradeep Rajneesh Meditationcenter.

I heard the first time from Bhagwan Shree Rajneesh 8 years ago.

In april 1981 I became a disciple of Bhagwan.

Since I have been a lover of Bhagwan I am able to love the world and the life. I appreciate very much that he is living now in America this beautiful country.

I have been at the first and second annual world celebrations in Rajneesh-puram and it was overwhelming.

In this two years the desert has become greener and greener. It is amazing how much change is possible in such a short time.

In the morning was rabeang and I was sitting in front of Bhagwan and every after noon we saw him when he drove

by with his rolls royce. I was so happy to be with him.

Back in Europe, in Tradeep we do different Rajneesh meditation techniques and sadang.

When practicing them I remember in this time the feeling that I had in the presence of Bhagwan.

We do every day gachchhami in the morning after that the work is worship, is meditation and in the evening after I have finished I sing again gachchhami.

It is so far out that we have a living master.

We all want the best for our master and the best for our master is that he stays in America.

With lot of fun and much love

Vardana
