

Heerde, 3rd august 1983.

To whom it may concern,

Today, the third of august, I'm celebrating my fourth year of being sangasin, a discipl. lover and friend of Bhagwan Shree Rajneesh.

I'm living and working in one of His communes, a seed of His tree.

For me, the tree itself, its very roots, is Bhagwan. Just recently I visited Rancho Rajneesh, Rajneesh-puram, Oregon. It was so beautiful to see and experience Him again and seeing the beautiful commune which surrounds Him.

My work as a teacher for our commune children is tremendously helped by seeing Bhagwan and seeing the possibilities for our own commune by experiencing what is happening in Rancho Rajneesh school.

Every day I work with beautiful children, little seeds too, and often I experience that without Bhagwan's presence I reach nowhere.

Sometimes when I feel at a loss what to do, I remember Bhagwan speaking about education, I read some of his words or remember the feeling, the loving atmosphere which was so clearly felt, there, in Rajneeshpuram. Being with children, who are so close to God, I see that deep down I can't do anything for them, I can't teach them anything which is life basics.

The only thing to do is to love them unconditionally, to give them freedom. And then I see that my Master is doing the same with me. He loves unconditionally, he lets and sets me free.

For such a Being I can kneel down and only hope that He will stay with us and keeps on showing America and the rest of the world how beautiful man can live in this world, how beautiful man can be,

with love and
respect.
