

Aberde, august 1983

To whom it may concern,

Bhagwan Shree Rajneesh is an enlightened spiritual master. I in his disciple.

It has been for two years now, that Bhagwan lives in Rajneeshpuram Oregon, U.S.A. His health has been eminently improved due to the modern western medical care, The U.S.A. is one of the countries which represents this care.

It is very important that Bhagwan's health is improving, because of the building of the city of Rajneeshpuram. Under his guidance, a Buddhafield is being created all over the world. The main centre of this immense Buddhafield is in Rajneeshpuram.

The Buddhafield is an energy-field, where spiritual growth is happening under very good conditions. This I've been experiencing during the last festival in Oregon: The Second Annual World Celebration. Fifteen thousand Sannyassins (disciples of Bhagwan) and non-Sannyassins have been celebrating from July 1st - July 8th 1983. In this period I've felt very, very strong the immense love, that Bhagwan is showering on us.

At the same time I've seen how the city of Rajreshpuram is developing itself. It is just amazing what these people have managed to build within two years. The love, the care and the energy, the samnyasins are putting in their work is something I've learnt a lot from and I can say, that if all the people in the world would experience this love-care-and-energy-field, it could mean a real transformation of humanity. Not political but individual, because it gives me more peace and happiness within myself. This is the reason, why we don't call our work work but worship, because through this worship we can experience this love within ourselves for ourselves and for all the people around us. We are trying to work with love. That means to make products with the best possible quality, not in the first place to make money, but to add something beautiful to this world, of which people can enjoy.

These are some illustrations.

To ask you to do everything possible, so that my masters Bhajwan Shree Rajreshpur can get a permanent visa for the United States of America

Yours sincerely,

Swami Devaprasad, remedial teacher
