

26th July, 1983 -

Dear Sir,

I've heard that Bhagwan's visa for America has not been granted yet. I want to say something about the importance of Bhagwan's message in my life. I've known Bhagwan for 8 years and I'm a "samnyasi" since 5 years. Since I know Him my life has changed a lot, not so much in the things I've been doing, as in the way of doing them and of looking at life. Bhagwan has given me joy and positivity. I've learned to take life more easily, not as a problem but as an exciting adventure.

I am now working as a cook in a

restaurant with other saunjanians, and  
even if my Master is in America, I feel His  
presence and love and this helps me  
to work with joy and to cook with love.  
Thanks to Bhagwan I've started to  
enjoy work and to put more and more  
energy into it.

I really hope that Bhagwan will have the  
permission from the government to stay in  
the States, as I think this is the only  
place in the world where his message  
will have the possibility to develop and  
give a lot of help to all the people in the  
world.

Yours sincerely

Ma Deva Pragyans
