TO WHOM IT MAY CONCERN:

To spend our summer holidays in Ticino (south of Switzerland) and in the Rajneesh Meditation Center Akshaya, Lugano was the idea of our family and we had the feeling that this solution was promising a particularly happy time.

Full of gratefulness we can say, that we have not been disappointed.

Could I give Akshaya a name expressing our experiences and possibilities here, maybe it would be:  
The Inn to the Fountain of Blissfullness".

An ashram as an oasis for all pilgrims looking for a possible worldly blissfullness in the here and now.
