Beloved Ma Prem Geeta,

Many thanks for your kind letter.  
It is true that I have translated a small part of "Only One Sky", but not the whole book. There is a group of meditators deeply interested in Mahāyāna meditation in Sri Lanka. It was to help them in their spiritual work that I translated these sections. Though they were keenly interested in Sri Rajneesh's ideas, they could not read English, so it was basically to help their work that I did the translation. Also, as a growing interest in Mahāyāna in Sri Lanka though it is Theravāda country. Through translating these sections I wished to introduce him (Sri Rajneesh) to our spiritual seekers.

It was never translated completely and was not printed and published as a book. If we ever decide we will definitely contact you first. However, publishing books in Sri Lanka is a tedious task. That was why we translated a small part for the benefit of the devotees and the seekers.

I am of course deeply impressed by the work of Sri Rajneesh. I am doing my best to propagate and give publicity to his teachings because I think they are extremely relevant to the Kali Yuga. I am, at the moment, teaching at Swarthmore College and Hampshire College. For all my courses I have recommended "Only One Sky" as a required course book. I surely want to recommend more of his works. Can you kindly send me a up-to-date complete list of books (a catalogue of books).

I am looking forward to hearing from you,  
with thoughts — of love,

yours in Dharma —
